

As the Quality Control Inspector of Finished Goods, you will be responsible for inspecting shipments and samples to ensure they meet Moose Knuckles' standards, while working with the client care team to verify returns.

Some of what you'll do:

- Meet with warehouse manager to discuss upcoming shipments
- Inspect shipments and submit inspection reports
- Spot check shipments to customers, ensuring labels and hang tags are correct
- Work with customer service team, to have RTS orders re-shipped or received
- Advise warehouse manager of any rejects to be removed
- Provide details of cost to production to create debit notes when needed
- Verify all returns received to warehouse, assisting repair facilities with any issues that may arise
- Compile SOP manual for different projects, to support the other warehouses as their guidelines
- Supply any trims they might need for the repairs

Some of what you'll need:

- Experience inspecting outerwear, luxury/premium experience a major asset
- Excellent English communication skills
- Proficient in Microsoft Office
- Organized with an understanding on how to set priorities and manage time
- Can work independently, with excellent interpersonal skills
