

As a Sewing Machine Operator, and part of the production line, you will be an integral part of Moose Knuckles' manufacturing cycle.

Some of What You'll Do:

- Set Zippers
- Close the shell to the lining
- Sew the skin onto the facing of the hood
- Top stitching

Some of What You'll need:

- Minimum of 5 years' experience in outerwear, premium/luxury experience an asset
- Efficient and deadline orientated
- Experience with walking foot machines (top stitching and sewing the fur skin) an asset
